Twilight Night

Figtree Heights annual Twilight is fast approaching so please make sure you lock this date in your calendar. The Twilight Night will be held on the back oval on **Friday 9 December from 4pm—6pm**. This is always a fantastic event and a new tradition at FHPS to wrap up the school year. Each student will be part of a performance, either as a class or in a Stage group. This is not a compulsory event for students as it is after school, however, it is always a wonderful event to be part of. We will have a selection of dinner options available so all you need to do is bring something to sit on, some money for food (or bring your own picnic) and sit back and enjoy the show. The FHPS P&C Gold Coast holiday raffle will be drawn at this event, so please don't forget to buy your tickets.

Gold Afternoon Tea and Emerald Excursion

As part of our value award system, all children who have achieved their Gold superstar award are invited to a Gold afternoon tea with myself. This afternoon tea will happen on Monday 5th December at recess. Students who have received their gold star will be given an invitation to this event.

The Emerald 'surprise' excursion for those students who have achieved their Emerald superstar is anticipated to take place on Friday 9th December (date to be confirmed with venue). Students for this excursion will be required to travel by bus to the surprise destination. Unfortunately last year, many of our students knew where the excursion was and spoilt the surprise for others. It is a very tricky situation as parents are required to give permission for children to attend this event but we also like to keep it as an exciting surprise for the students. Once the details of this excursion have been finalised an invitation will go home to those students who have received their Emerald superstar.

Classing in 2017

Accompanying today's newsletter is a note outlining class considerations for 2017. As in previous years we are again offering parents the opportunity to provide the school with a classing consideration for your child. It is important to note this is a *consideration* only. As a school we always endeavour to make informed decisions and classing make up is no exception. This form is not a teacher request form, rather an opportunity for parents to outline particular considerations such as splitting siblings in the same stage, twins separated etc. This form is now available at the front office *at request* and is due back **no later than 3:15pm Monday 28 November**. No late forms will be accepted.

The anticipated classing structure for 2017 is 10 classes. We have not finalised what this will look like as every day we are taking new enrolments or being informed of families who are moving out of the area. If you are moving or leaving the school, could you please inform the front office at your earliest convenience.

Have a wonderful weekend,
Warm regards
Skye Hayward

The How2Learn strategy empowers learners by developing 5 dispositions and 22 habits that improve all round learning fitness.

The 5 dispositions are:

Resilience Reciprocity Resourcefulness Reflectiveness Responsibility

Resilience (Resillia)

Resilience is the **emotional aspect** of learning where learners are ready, willing and able to **WORK THROUGH DIFFICULTIES WHEN THE PRESSURE MOUNTS OR THE GOING GETS TOUGH.**

It means you are managing your emotions and staying connected to the learning.

As part of the How2Learn strategy characters have been created that represent each Learning Disposition or Learning Muscle Focus.

The habits that make up **Resilience** are:

- Absorption
- Managing Distractions
- Noticing
- Perseverance

ABSORPTION

Absorption is being able to lose yourself in learning, you become absorbed and engrossed in what you are doing. Rapt and attentive, in a state of 'flow' so that you become unaware of time passing.

MANAGING DISTRACTIONS

Managing distractions involves recognising and reducing interruptions. You learn to be aware of possible sources of distraction and purposefully try to minimise these interruptions by knowing what conditions help you learn and settling back into learning quickly after an interruption.

NOTICING

Noticing is really sensing what is out there. You notice the details, how things look, what they are made of, how they behave or how things are the same or different.

PERSEVERANCE

Perseverance is 'stickability' and tolerating the feeling of learning. It means keeping going in the face of difficulties, channelling the energy of frustration productively and realising what a slow and uncertain process learning often is.
