### **Instrumental Festival**

Last Thursday we had a number of students represent our school at the **47<sup>th</sup> Annual Combined Public Schools Instrumental Festival**. This event was held at The University of Wollongong. There were close to 250 students from 20 different Public Schools performing at this event, the largest Instrumental Festival so far! The aim of this Festival has always been to bring school bands and ensembles together in one place to perform for each other and for their school communities. The event is about 'showcasing' all the hard work students have put into their instrumental learning this year. Playing an instrument at a performance level is a challenging experience and we are very proud of our talented musicians.

Our school performed two items: Skeleton Dance and Stadium Rock. What a performance the put on! A big thank you to Mr Greg Costello, who not only was the conductor for our school items but also led music direction and event co-ordination for this Festival. Thank you, Mr Costello! Please head to our school Facebook page for some photos of this wonderful event.

### **Industrial Action**

The NSW Teachers Federation has announced it will hold a stop work meeting of school teachers and non-school based Teaching Service (OCAA) members on **Thursday 8 December 2016**. The purpose of the stop work meeting is for Federation member's to debate and vote on the proposed *Crown Employees (Teachers in Schools and Related Employees) Salaries and Conditions Award 2016*.

*Please see the accompanying note for more information on this stoppage.*

### **Presentation Day**

The Figtree Heights Annual Presentation Day is being held on Wednesday **December 14 at 9am**. Unfortunately, we are unable to host our school community in our current school hall so this event will take place at **Figtree High School**. We are asking parents to please drop their students off at Figtree High School in the morning instead of coming to our school. We will have teachers at both the Gibson's Road entrance and O'Briens Road entrance and we will escort them to the auditorium. Alternately, students can accompany their parents or loved ones if they are attending the ceremony. Students in Kindergarten and Year 1 will catch the OOSH bus back to school and students in years 2-6 will walk with their teachers. **This event is open to all families and loved ones**. Please see the accompanying permission note for more information.

### **Year 5 Leaders Day**

Today our Year 5 students participated in a Leaders Day with Cameron Brown from **Explore, Discover, Act**. Students participated in a host of games, activities and learning opportunities focused on teamwork, leadership capabilities and fun. Our students had a wonderful day working with each other and we can not wait to see them put some of their new leadership skills in to action.

*Enjoy the weekend!  
Warm regards,  
Skye Hayward*

The How2Learn strategy empowers learners by developing 5 dispositions and 22 habits that improve all round learning fitness.

The 5 dispositions are:

**Resilience**   **Reciprocity**   **Resourcefulness**   **Reflectiveness**   **Responsibility**

## Resourcefulness (Innovatrix)

Resourcefulness is the **thinking aspect of learning**, where learners are ready willing and able to **learn in different ways by choosing and using resources wisely and knowing what to do when you don't know what to do.**

As part of the How2Learn strategy characters have been created that represent each Learning Disposition or Learning Muscle Focus.

The character for resourcefulness is **Innovatrix**.

**Innovatrix uses her head and her heart to make reasonable and insightful choices. She capitalises on resources available to her to be clever and imaginative. She will ask the tricky questions about how to get things done and will constantly make links with what she already knows to guide her.**

The habits that make up **Resourcefulness** are:

- Questioning
- Making Links
- Imagining
- Reasoning
- Capitalising

**Questioning** means asking questions of yourself and others. It's about being curious and playful with ideas. It is delving beneath the surface of things to come up with your own conclusion.

**Making Links** involves seeing connections between experiences or ideas and means building patterns and weaving a web of understanding.

**Imagining** means using your imagination and intuition to put yourself through new experiences and to explore possibilities.

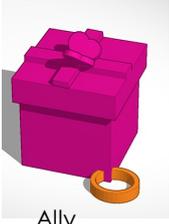

**Reasoning** is calling up your logical and rational skills to work things out methodically and rigorously; constructing good arguments and spotting the flaws in others.

**Capitalising** means drawing on the full range of resources from the wider world (other people, books, the Internet, past experiences, future opportunities, music, the environment) to aid learning.

## A heart warming 3D Printing story...

### My Cochlear Implant

I created this cochlear implant to be glued on a baby doll for a girl who is about to turn 1 and she is soon to get a Cochlear Implant. A Cochlear Implant is like a hearing aid but instead of making things louder, it sends the sound signal to the brain. In Tinkercad, I used a dome and then used a thin tube to hook around the ear. Secondly, I made a rectangle to be used like the machine and put a heart on it to make it look pretty. **By Ava Parry 5/6D**

Thank you to everyone who supported the Entertainment Book fundraiser. Amazingly \$965 was raised for our school.

A big Thank You to **Karen Craft**, we couldn't have done it without you.

## PRIMARY ETHICS

We are looking for a new Ethics Teacher to take on the Years 5 & 6 Ethics class.  
Ethics classes run on a Wednesday morning during SRE time as an alternative to Scripture.  
If you are or know of a family friend or relative, who is interested in becoming involved in volunteering as an Ethics teacher at our school, please contact me either through the front office or via the Primary Ethics email at [figtreeheightspsethics@outlook.com](mailto:figtreeheightspsethics@outlook.com)

# Kids' fishing workshop

Kids 8–14 years old are invited to come and learn to fish safely and responsibly. Instructors are experienced volunteers and staff from the Department of Primary Industries.

The day runs from 10 am to 2 pm and involves fishing techniques, bag and size limits, and fish handling for *best release techniques*.

**COST is \$40 PER CHILD**, and includes \* rod and reel combination \* shirt \* hat \* tackle box \* show bag—all to take home!

**BOOKINGS ARE ESSENTIAL.**  
Maximum 25 participants.
